- SAT Power Vocab, 2nd edition of Cracking SSAT and ISEE, 2020 Edition Princeton Review GRE Prep, 2021 High School Algebra I Unlocked 10 Practical Tests for SAT, 2021 550 PSAT Practice Issues, 2nd Edition Crash Course for SAT, 6th Edition cracking Mathematics GRE Subject Test, 4th Edition Of Mathematics Training for SAT, 5th Edition of Princeton Review, 2021 Crash Course for ACT , 6th edition of the Princeton Review ap Epicied BC Prep, 2021 Top 386 Colleges, 2021 Robert Franek and Princeton Review High School Chemistry unlocked the words you use to say a lot about you. Grammar makes a lasting impression on friends, colleagues and teachers, but learning the rules has always been boring. That's why people at Princeton Review have created Grammar Smart. Grammar Smart uses a witty, irreverent approach to help people write and speak with greater clarity and confidence. Instead of boring readers with countless rules and confusing grammatical terms, The Princeton Review shows them the logic of every correct sentence. Everything in Grammar Smart is a nut and bolts English designed to help readers express themselves more clearly. They will learn to choose between what and what and when to use both instead of like, and they will know for sure if it is between you and me and you and me. Includes: Basic parts of speech nouns, verbs, adjectives, etc. Pronoun verb agreement and parallel design Tips on how to avoid inappropriate modifiers and dangling participles Lively, humorous examples to illustrate the meanings of the review what you need to know to be a grammar guru. The words you use say a lot about you. Grammar makes a lasting impression on friends, colleagues and teachers, but learning the rules has always been notoriously boring. That's why we at Princeton Review created Grammar Smart! Instead of boring readers with countless rules and confusing grammatical terms, this book uses a witty approach to show the logic of each correct sentence. This updated third edition of Grammar Smart will help you: Learn the nuts and bolts of grammatical rules and usage Practice your grammar skills with a series of quizzes Master how to write and speak more effectively At the end of the book, you'll find: In-depth reviews of the main parts of speech Tips on how to avoid inappropriate modifiers and dangling participles A glossary of key grammars To help you identify word classes, competent summaries of each major grammar topic Ordators: Experts from The Princeton Review have helped students, parents and teachers achieve the best results at every stage of the educational process since 1981. The Princeton Review has helped millions succeed in standardized tests, as well as providing expert advice and guidance help parents, teachers, students, and schools navigate the challenges of admission to schools. They offer offers courses in 41 states and 21 countries, online and school courses, as well as one-to-one and a small learning group. Start your review of Grammar Smart: A Guide to The Perfect Use I like that this book has a lot of exercise - with answers. The Internet basically washes this up. It's still nice to have a paperback to carry around and practice. I just didn't like the fact that they came up with their own phrase, saw the connection. It may be helpful to explain the rules in terms of what the explanation can understand (as opposed to a rant). It just bothers me... A lot. This book is explained in simple ways the rules that a writer/speaker of english should know. Topics to the point and clearly explained. This book is a must for those who plan to go to college, or who want to write well. I wanted this book when I was in my writing class. I plan to buy my own copy. Great retraining in a world full of lol and you. I feel much better after reading this book and I hope to continue to improve my grammar for both personal and work reasons, it really makes a huge difference in resumes and in work documents when your grammar is on point. This book helped with some areas, I knew I needed help and some I had no idea what I was actually doing was wrong. Great exercise and easy to follow. At first I took this at work because I was embarrassed that I didn't know what a gerund and thought that lack of knowledge was a symptom of a bigger gaping hole in my understanding of grammar. (Gerund is a verb -ing that acts as a noun, i.e. Reading for nerds! reading gerund) Turns out I'm hot for grammar. I find myself reading this book in my spare time, although the material it covers is definitely part of the above and beyond category of things that I need to do initially I took it to work because I was embarrassed that I didn't know what a gerund and thought that lack of knowledge was a symptom of more of a gaping hole in my understanding of grammar. (Gerund is a verb -ing that acts as a noun, i.e. Reading for nerds! reading gerund) Turns out I'm hot for grammar. I find myself reading this book in my spare time, although the material it covers is definitely part of the above and beyond categories of things I have to do to get ready for the job. Now that I've actually read a few decent pieces of literature, grammar is suddenly much more relevant. An attempt to ram this knowledge down the throats of third graders whose idea of Clifford's classic is pure sadism. ... More of me : Josh In's offer Can you say that right? It was (he, he) who won the prize. Is it him or him? Josh Gold: He was the one who won the prize. Me : Theme and verb, but this subject He is the subject So it's weird Josh Gold : Some in other languages you just have to adopt. Yes, they're weird! Every language has it! My kids struggle with/hate grammar with passion and we've only been through parts of the speech so far. I attribute to the facts that a) they are teenagers and b) our grammar textbook sucks like a \$2 prostitute. I hope this book helps turn this around. This book helps to make better use of grammar, it teaches nouns, verbs, adjectives, protouns, sentences, phrases, and it will help you improve your writing skills. I recommend this book if you are new to grammar or English is your second language, or you want to take a grammar test. It was an easy book to read, filled with many clear explanations. Definitely a great tool/resource for those who want to improve their grammar. A great book for refreshing grammar knowledge.
